

sequence

. An ordered list of objects.

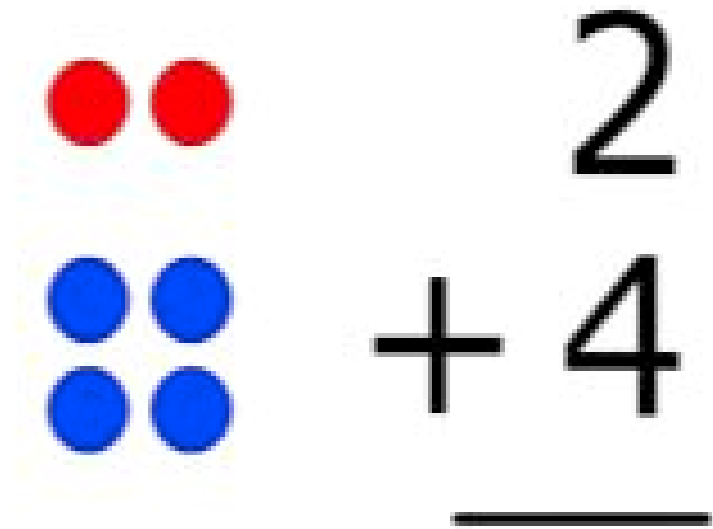

. The three little bears' beds are in a

sequence from smallest to largest.

sum

. The result of numbers being added in an addition problem.

$$\begin{array}{r} 2 \\ + 4 \\ \hline \end{array}$$

. What is the sum of 2 plus 4?

measure

. To determine the dimension or amount of something in standard units.

. We measure an octopus from the tip of its arms to the top of its head.

globe

. A map of the earth drawn on a sphere so that both its distances and angles are accurate.

. We can find the continents and oceans on our classroom globe.
