

### **Winter Shape Story**

by Megan McKinstry

I lined up three white circles  
In a rising row,  
What did I see before me?  
A frosty man of snow!

Next I placed a triangle  
Atop a sturdy square,  
And soon a cozy, little home  
Was waiting for me there.

Now all I've left are a rectangle  
And a nice round C.  
This steaming cup of cocoa  
Will warm my hands for me!
